DETAILED ACTION

Claim Objections

1. Claim 5 is objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form. Claim 5 recites different forces may be generated to the multi-rope system with one actuator. However, claim 11 recites different forces such as the third rope force is greater than the second force and the second force being greater than the first force.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 5 and 6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 5 recites the phrase "the multi-rope system is common to both the telescopic beams of the spreader" in lines 1-2 and it is unclear the specific meaning of the phrase as to how "the multi-rope system is common to the beams of the spreader and the multi-rope system.

Allowable Subject Matter

4. Claims 4 and 11 are allowed.

5. Claims 5 and 6 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

Art Unit: 3652

Election/Restrictions

6. Applicant's election without traverse of group I, in the reply filed on March 15, 2004, is acknowledged.

7. Claims 8-10 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on March 15, 2004 and the claims 8-10 should be canceled.
